ALLAHYARHAM DATO' DR. RAJA MOHAMAD ABDULLAH FOUNDER, MUSLIM WORLD BIZ & OIC INTERNATIONAL BUSINESS CENTRE

The prime theory of Allahyarham Dato' Dr. Raja Mohamad Abdullah, the late CEO of the OIC International Business Centre Sdn Bhd, was that the Muslim world should focus on business, trade and enhancement of peaceful ways to resolve the massive economic problems it currently faces.

He would say the Muslim world has seen its ugly share of wars, conflicts and crises and that Muslim populations are falling behind the rest of the world, pointing out his tenure as the CEO of the company, chairman of the Muslim World Business & Investment Zone (Exhibition & Conference), he would press on that it was time for a change, and to him it meant putting the economy ahead of the political debate. Allahyarham Dato' Dr. Raja Mohamad Abdullah is the man that relentlessly stood for fellow Muslims, for economic progress, for global integration of the OIC member countries and for Malaysia to be known as the catalyst centre for global Islamic development.

"But the economic well-being of the people is not catered for, leaving behind a trail of suffering, poverty and wars," he would say. And this will be one of the last no-holds-barred message that Dato' would have for the global Muslim community, a message that should remain engraved on the walls of history.

“But the economic well-being of the people is not catered for, leaving behind a trail of suffering, poverty and wars.”

MOHAMAD ABDULLAH
EDITOR-IN-CHIEF, OIC TODAY
CHAIRMAN, MUSLIM WORLD RANIA AWARD
DEPUTY CHAIRMAN, MUSLIM WORLD BIZ**

Since 2010, the Muslim World Business and Investment Zone has been promoting cooperation between companies from different OIC member countries. It has established a network of entrepreneurs and business leaders from many countries. We are truly proud that this event is now entering its ninth year, and this gives us more energy to work even harder to accomplish our mission represented in developing the Islamic economy, which in turn enhances the welfare of not only Muslims, but also humanity at large.

What makes us even stronger is the continuous support we receive from the sponsors and partners in addition to the assistance from the Government of Malaysia and its various ministries and agencies, the Islamic Centre for Development of Trade and the Association of Arab Universities. For the upcoming 9th Muslim World Biz, we are preparing like we have not done before. This is simply because we can see the great potential this event has, not only to grow national economies but also to foster international ties so that people from different regions could live in peace and harmony.

As usual the event will include three main components: the conference zone, the exhibition zone and the award ceremonies. However, the content and scale of these activities are going to be different in the sense that new and compelling topics will be discussed, more exhibitors and participants are expected to join and new strategies will be built to boost the progress of economic and social activities within the Muslim world and beyond. Be part of this annual event and get the benefits which reach individuals and organisations from local and international communities.

With the theme 'Spearheading Sustainable Economic Growth' the 9th Muslim World Biz aims to build upon past achievements to attain future prosperity. For this we believe in the policy of inclusion so that everyone has a chance to participate. In particular, as the Chairman of the Muslim World Rania Award, I emphasise the roles of women in growing this event and increasing its positive impact globally. Therefore, I invite you to explore through this brochure to see which of the components match with your business operations, and our specialised teams will be there to assist you.

Finally, I would like to acknowledge and sincerely appreciate the support we receive from the Government of Malaysia as part of its constant contribution and renowned leading role to develop the Islamic economy. I also thank all the sponsors and partners who believe in our mission and I am confident that they will be rewarded with greater success.

JEWELS OF THE MUSLIM WORLD AWARD

HONOURED BY

The most outstanding among the Movers and Shakers of the Muslim world

ABOUT THE AWARD

Honoured by OIC TODAY magazine, the prestigious Jewels of the Muslim World Award is presented every year during a special ceremony held in conjunction with the annual event 'The Muslim World Business and Investment Zone'. This award has the mandate of acknowledging the wonderful work done by great leaders from around the Muslim world. Their success acts as a source of inspiration to the youths, who will soon take the lead to grow the global Islamic economy.

The award recipients come from different industries and they are highly recognised for their excellent achievements that positively impact people's daily life. Since 2011 a total of 59 leaders from 19 countries received the Jewels of the Muslim World Award. The winners are selected based on both their record of excellence to build and grow successful organisations and also in reference to the service they provide to facilitate the life of people in the local, regional and international communities.

Starting in 2014 a special forum was incorporated in the Muslim World Biz where the awards recipients share their stories of success and how they managed to overcome different types of challenges. The programme is exclusive for the participation of success-driven CEOs, entrepreneurs and top university graduates who would certainly benefit from the knowledge that is being shared. Also, the 'jewels' usually respond to questions and enquiries by the participants to help them draw and implement workable strategies.

Among the recipients of the Jewels of the Muslim World Award were the legendary boxer Muhammad Ali from the USA, the singer and songwriter Sami Yusuf from the UK, the investor and philanthropist Prince Al-Waleed bin Talal

THE ROUND TABLE TALK

THE JEWELS OF THE MUSLIM WORLD

THEME: FORTIFYING YOUNG MUSLIM LEADERS IN THE FACE OF ADVERSITY

Envisioned as a global leadership programme, the Round Table Talk (RTT) was incorporated in the annual Muslim World Biz in 2014. It brings together captains of industry from around the Muslim world to share their experiences with entrepreneurs and young leaders in order to enhance their leadership skills and contributions to the advancement of the global Islamic economy through innovation using the most ethical and effective business practices.

The main objective of the RTT is to explore the global challenges facing the leaders of the Muslim community, and to highlight the opportunities which can be utilised to elevate the Islamic economy as well as the threats confronting the progress of modern Muslim businesses. To do so, the RTT aspires to build bridges of communication between the Muslim business leaders and those in other parts of the world.

One unique characteristic of the RTT is the fact that most of the speakers are the winners of the Jewels of the Muslim World Award, which honours the success and achievements of great Muslim leaders in different industries from around the Muslim world. Sound leadership is a crucial factor leading the trajectories of development of nations in different directions. As the number of active participants increase annually, the RTT builds upon this opportunity to provide a platform for fostering cooperation among Muslim countries, and with the rest of the world.

This applies to working with non-Muslim businesses as long as it complies with the Islamic teachings.

In particular, the aim of this year's RTT is to facilitate a platform for Muslim youth leaders to articulate their thoughts and ideas on the future of the Muslim world in the context of sustainable economic and social development. In addition, the 2-day programme tries to tackle some of the issues that current and future leaders might come across, and it provides systematic guidelines to handle them.

THE MUSLIM WORLD RANIA AWARD

HONOURED BY

The most outstanding women among the Movers and Shakers of the Muslim world

ABOUT THE AWARD

The meaning of "Rania" is derived from the word "Queen". There is no doubt that women carry big responsibilities in their role of contributing to all aspects of human life. There has not been any known divine or man-made law that is not giving women their due rights in the society. Failing to clearly understand their role leads to disparage women's value and hence deny those rights. All stages of history are full of examples for women who excelled even better than their men counterparts.

Islam, for instance, elevates the status of women to be completely equal to men, and it rejects any act of downgrading their physical and/or intellectual capabilities. However, many people accuse the Islamic teachings of being unfair towards women. This accusation comes in the first place as a result of misinterpreting the verses of the Holy Quran, without looking at the authentic narrations and explanations. What support the critic of those people are perhaps some cultural practices which have no roots in any of the Quranic verses.

In recognition of the women's efforts and to appreciate their feat in all sections of our life, the OIC International Business Centre has the pleasure to announce the presentation of "The Muslim World Rania Award" to selected distinguished women from around the Muslim world. The award presentation for the second time, will take place at a special ceremony during the 9th undertaking of the annual event "The Muslim World Business and Investment Zone – Trade Exhibition and Conference."

ABOUT THE AWARD

Nurturing entrepreneurship and developing entrepreneurs have been the focus of many countries around the world due to the enormous benefits for individuals, organisations and the economy at large. The main objective of this programme is to transfer the experience of successful leaders to selected groups of young ambitious entrepreneurs who are expected to shape the future of the Islamic economy. The panellists and speakers are current and former recipients of the prestigious award "Jewels of the Muslim World." Those distinguished leaders have made their way towards success despite all the challenges that faced them. Their stories truly inspire. The RTT is held along two days, consisting of six different sessions.

THE MUSLIM WORLD WOMEN'S SUMMIT 2019

The OIC International Business Centre has paid a special attention to the status of women in the OIC member countries. The Muslim World Women's Summit brings together Muslim ladies who have set replicable examples of how success could be achieved. The conference is fully dedicated to discuss issues pertaining to the progress of women's participation in all aspects of life including the business environment. Since women's empowerment is the main highlight of the conference, the speakers are ladies who have made their way through challenges. The participating delegates are women from various age group and social status who strive to gain and practice their rights in their local communities.

THE MUSLIM WORLD INFRASTRUCTURE & INVESTMENT CONFERENCE 2019

Being organised in Malaysia's capital, the beautiful city of Kuala Lumpur, the Muslim World Infrastructure & Investment Conference comes timely to reflect on the progressive development of Malaysia's economy which is based on the strong infrastructure the country has. The various sessions will shed the light on how to develop modern infrastructure in the OIC member countries as the first step to promoting them as destinations for foreign direct investment. Many of those countries are rich in resources but are not really able to maximise the use of them in improving people's quality of life through social as well as economic development.

FORUM & CONFERENCES

THE OIC HIGHER EDUCATION CONFERENCE 2019

The OIC Higher Education Conference acts as a platform for the development of competitive learning methods and curriculum which are being taught by trusted and highly qualified teachers using the most updated, innovative methods. The conference also promotes the existing higher learning institutes within different OIC countries to attract more students. Officials from the education ministries, university management teams and academicians engage in in-depth deliberations every year.

THE OIC ARAB-ASIA TRADE & ECONOMIC FORUM 2019

This has been the first platform created in the Muslim World Biz to discuss ideas and initiate policies for enhancing intra-trade activities among the OIC member countries, and also to introduce the Islamic economy as an alternative to the failing systems. The expansion of size and scope has been remarkable over the past eight years and last year issues related to cooperation between Asian and African countries were discussed after several years of focusing only on Asia. This year, the focus will be on the cooperation between Arab and Asian countries at the OIC Arab-Asia Trade & Economic Forum.

THE WORLD ISLAMIC TOURISM CONFERENCE 2019

This is a leading conference with the main objective of increasing the inbound tourism traffic into the Muslim countries by promoting the large number of historical sites and natural sceneries in these countries. The conference also presents the unique innovative policies of Islamic Tourism, which have been established and successfully practiced by many Muslim countries. WITCX is the best avenue to showcase the rich cultural heritage, the modern tourist attractions as well as the products and services which are believed to increase the intra-flow of tourists among the Muslim countries as well as with non-Muslim countries.

ABOUT OIC MEMBER COUNTRIES

The Organisation of Islamic Cooperation (OIC) (formerly the Organisation of the Islamic Conference) is the second largest inter-governmental organisation in the world. The OIC is spread across four continents with 57 states as current members. The Organisation stands as a collective voice of the Muslim world. It aims to identify and protect the interests of the Muslim world while promoting international harmony among and between the varying people of the world. The OIC was formed after a criminal arson attack on Al-Aqsa Mosque in occupied Jerusalem. As a result the decision to establish the OIC to safeguard the Muslim world was finalised at a summit which took place in Rabat, Kingdom of Morocco on 12th Rajab 1389 Hijra (25 September 1969).
